Consultations

| | |
|--|-----------|
| Consultation Appointment ₁ | £250 |
| Review consultation ₂ | £165 |
| Follow up consultation ₃ | No charge |
| Male Reproductive Health Consultation ₄ | £275 |
| Male Reproductive Health Review Consultation ₅ | £190 |
| Counselling Session <i>Patients having treatment with Manchester Fertility are entitled to two counselling sessions per treatment cycle</i> | No charge |
| Additional counselling sessions (per session) | £85 |

₁ Includes a 1-hour consultation with Fertility Specialist Consultant

₂ Includes a 30-minute consultation with a Fertility Specialist Consultant

₃ Includes a 30-minute consultation with a Fertility Specialist Consultant

₄ Includes a 30-minute consultation with a Male Reproductive Health Specialist

₅ Includes a 15-minute consultation with a Male Reproductive Health Specialist

Fertility Review

| | |
|--|------------------|
| Fertility Review (Known Donor) | £470 |
| AMH blood test | Included in cost |
| Pelvic ultrasound scan/antral follicle count | Included in cost |
| Height, weight & BMI | Included in cost |
| Blood pressure | Included in cost |
| 1 hour consultation with a Consultant | Included in cost |

| | |
|---|------------------|
| Male Reproductive Health Review | £666 |
| Semen analysis | Included in cost |
| Testicular ultrasound scan | Included in cost |
| Hormone blood tests (FSH, LH and Testosterone) | Included in cost |
| Height, weight & BMI | Included in cost |
| Blood pressure | Included in cost |
| 30 minute consultation with a Male Reproductive Health Consultant | Included in cost |

Infection

| | |
|----------------------------|------|
| Chlamydia - Urine | £58 |
| CMV | £58 |
| CMV PCR | £97 |
| Gonorrhoea | £49 |
| Gardnerella Vaginalis | £91 |
| Hepatitis B | £49 |
| Hepatitis B DNA Viral Load | £287 |
| Hepatitis C | £49 |
| Hepatitis A Igm Igg | £56 |
| HIV | £49 |
| HIV / HBB / HCV Nat | £198 |
| HTLV I & II | £58 |
| HVS | £49 |
| Rubella | £58 |
| Syphilis | £48 |
| Varicella Zoster IgG | £80 |
| Semen PCR Zika | £515 |
| Zika Antibody | £85 |

Immunity

| | |
|----------------------------|------|
| Antibeta 2 | £138 |
| Anti-Cardiolipin | £63 |
| Antinuclear antibodies | £61 |
| Atypical antibodies | £61 |
| B2 Glycoprotein antibodies | £132 |
| Lupus Anti-Coagulant | £68 |
| Thyroid Abs | £85 |

Genetic

| | |
|---|------------------|
| Ashkenazi Carrier Screening (includes Tay Sachs) | £695 |
| BRCA 1 + BRCA 2 | £1,135 |
| Cystic Fibrosis | £182 |
| Karyotype | £325 |
| Sickle Cell | £46 |
| Tay Sachs | £520 |
| Thalassaemia | £125 |
| Thrombophilia (Combined Lupus and Anti-cardiolipin) (LUPA) | £110 |
| Y Chromosome | £300 |
| Gene Safe complete | £1,245 |
| PGT-A within a single cycle of IVF (up to 3 embryos) (up to 5 embryos) | £2,100 £2,890 |
| PGT-A on frozen embryos (up to 3 embryos) (up to 5 embryos) | £3,310 £4,095 |
| PGT-A for additional embryos (per biopsy) | £370 |

Miscellaneous

| | |
|-----------------------------|------|
| Full Blood Count | £58 |
| Glucose | £49 |
| Haemoglobin electrophoresis | £110 |
| Inhibin B | £65 |
| Kidney function blood test | £61 |
| Liver function test | £57 |
| Vitamin D | £75 |
| Vitamin D, 25-Hydroxy | £160 |
| Blood group | £66 |
| Thyroid Function Test | £48 |

Sonography

Scans

| | |
|-----------------------------------|------|
| Transvaginal ultrasound scan (3D) | £230 |
| Clomid Scan | £145 |
| Monitoring scan | £140 |
| Saline Sonography | £305 |

Pregnancy Scanning

Reassurance Scans

| | |
|---|----------------------------|
| 7 – 10 Weeks pregnant | £100 |
| Confirm that your pregnancy is intrauterine | Included in treatment cost |
| Check for single or multiple pregnancies | Included in treatment cost |
| Check your baby's heartbeat | Included in treatment cost |
| Measure your baby to check progress | Included in treatment cost |
| Scan report and printouts of your baby's scan | Included in treatment cost |

This scan is performed trans-vaginally, with the patient's consent.

| | |
|---|----------------------------|
| 10 – 17 Weeks pregnant | £100 |
| Confirm that your pregnancy is intrauterine | Included in treatment cost |
| Check for single or multiple pregnancies | Included in treatment cost |
| Check your baby's heartbeat | Included in treatment cost |
| Monitor your baby's growth and development | Included in treatment cost |
| If possible we can determine the sex of your baby | Included in treatment cost |
| Scan report and printouts of your baby's scan | Included in treatment cost |

This scan is performed over the tummy with a full bladder.

Reassurance Scan Package

| | |
|---|----------------------------|
| 7 – 10 Weeks pregnant & 10 – 17 Weeks pregnant | £180 |
| Confirm that your pregnancy is intrauterine | Included in treatment cost |
| Check for single or multiple pregnancies | Included in treatment cost |
| Check your baby's heartbeat | Included in treatment cost |
| Monitor your baby's growth and development | Included in treatment cost |
| If possible we can determine the sex of your baby | Included in treatment cost |
| Scan report and printouts of your baby's scan | Included in treatment cost |

7-10 weeks - this scan is performed trans-vaginally, with the patient's consent.

10-17 weeks - his scan is performed over the tummy with a full bladder.

Non-Invasive Pre Natal Testing

| | |
|---|----------------------------|
| IONA | £430 |
| Blood test screening for the following: Trisomy 13: Patau Syndrome Trisomy 18: Edwards' Syndrome Trisomy 21: Down Syndrome | Included in treatment cost |
| Ultrasound scan | Included in treatment cost |
| Midwife review | Included in treatment cost |

| | |
|---|----------------------------|
| IONA+ | £50 |
| Blood test screening for the following: Trisomy 13: Patau Syndrome Trisomy 18: Edwards' Syndrome Trisomy 21: Down Syndrome Sex Chromosome Aneuploidies (SCAs): XO (Turner Syndrome) XXY (Klinefelter Syndrome) XYY (XYY Syndrome) XXX (Trisomy X) | Included in treatment cost |
| Ultrasound scan | Included in treatment cost |
| Midwife review | Included in treatment cost |

| | |
|--|----------------------------|
| IONA++ | £565 |
| Blood test screening for the following: Trisomy 13: Patau Syndrome Trisomy 18: Edwards' Syndrome Trisomy 21: Down Syndrome Sex Chromosome Aneuploidies (SCAs): XO (Turner Syndrome) XXY (Klinefelter Syndrome) XYY (XYY Syndrome) XXX (Trisomy X) Autosomal Aneuploidies (AAs): The remaining chromosomes (23 pairs, excluding T21, T18 & T13) | Included in treatment cost |
| Ultrasound scan | Included in treatment cost |
| Midwife review | Included in treatment cost |

Results will be available 3-5 days from receipt of the sample in the laboratory

Procedures

Endometrial Tests

| | |
|---------------------------------------|--------|
| ERA | £1,325 |
| EMMA | £1,195 |
| ALICE | £970 |
| EMMA & ALICE Combined | £1,485 |
| Triple combined test (ERA/EMMA/ALICE) | £2,175 |
| Endometrial Scratch | £280 |
| Saline with Scratch | £515 |

Results will be available 3-5 days from receipt of the sample in the laboratory

HyCoSy

| | |
|--|-------------|
| HyCoSy A non-invasive transvaginal ultrasound technique which assesses the patency of your fallopian tubes | £525 |
|--|-------------|

Hysteroscopy

| | |
|--|----------------------------|
| Diagnostic Hysteroscopy | £1,795 |
| Examination of the uterine cavity & cervical canal | Included in treatment cost |
| Endometrial biopsy | Included in treatment cost |
| Endometrial scratch | Included in treatment cost |
| Histology analysis of removed tissue | Included in treatment cost |
| Follow up consultation | Included in treatment cost |

*An endometrial scratch will be carried out by your consultant during the procedure if appropriate.
Histology analysis of removed tissue – your report will be available 2-3 weeks following your procedure date.*

| | |
|--|----------------------------|
| Operative Hysteroscopy | £2,300 |
| Examination of the uterine cavity & cervical canal | Included in treatment cost |
| Endometrial biopsy | Included in treatment cost |
| Endometrial scratch | Included in treatment cost |
| Histology analysis of removed tissue | Included in treatment cost |
| Removal of polyps | Included in treatment cost |
| Follow up consultation | Included in treatment cost |

*This procedure is carried out under sedation.
Histology analysis of removed tissue – your report will be available 2-3 weeks following your procedure date*

Andrology Services

Semen Testing

| | |
|-------------------------------|------------------|
| Semen Analysis | £175 |
| Copy of semen analysis report | Included in cost |

| | |
|--|------------------|
| Semen Analysis + telephone consultation to discuss findings | £225 |
| Copy of report | Included in cost |
| Telephone consultation with a Consultant | Included in cost |

| | |
|--------------------|-------------|
| Sperm Comet | £445 |
|--------------------|-------------|

Surgical Sperm Retrieval

| | |
|---|------------------|
| Surgical Sperm Retrieval – PESA (Percutaneous epididymal sperm aspiration) | £2,250 |
| Viral Screening: Hepatitis B/SAg/Core Hepatitis C Abs HIV 1&2 P24 Antigen | Included in cost |
| Electronic consenting | Included in cost |
| Anaesthetic fee | Included in cost |
| Procedure fee | Included in cost |
| Processing of samples by embryologist | Included in cost |
| Freezing of sperm and storage for 1 year | Included in cost |

| | |
|---|------------------|
| Surgical Sperm Retrieval – TESE (Testicular sperm extraction) | £2,600 |
| Viral Screening: Hepatitis B/SAg/Core Hepatitis C Abs HIV 1&2 P24 Antigen | Included in cost |
| Electronic consenting | Included in cost |
| Anaesthetic fee | Included in cost |
| Procedure fee | Included in cost |
| Processing of samples by embryologist | Included in cost |
| Freezing of sperm and storage for 1 year | Included in cost |

| | |
|--|------------------|
| External Surgical Sperm Retrieval Provision of sample transport and laboratory services where the surgical procedure has been performed at another clinic. | £1,160 |
| Viral Screening: Hepatitis B/SAg/Core Hepatitis C Abs HIV 1&2 P24 Antigen | Included in cost |
| Electronic consenting | Included in cost |
| Transportation of sperm samples | Included in cost |
| Processing of samples by embryologist | Included in cost |
| Freezing of sperm and storage for 1 year | Included in cost |

Additional Costs if applicable

| | |
|---|---------------|
| Annual storage of sperm following initial storage | £365 per year |
|---|---------------|

Semen Freezing

| | |
|---|----------------------------|
| 1 Sample Semen Freezing | £555 |
| Access to online consents platform | Included in treatment cost |
| Access to patient support app | Included in treatment cost |
| Electronic Witnessing | Included in treatment cost |
| Semen Analysis | Included in treatment cost |
| Viral screening including: Hepatitis B/SAg/Core Hepatitis C Abs HIV 1&2 P24 Antigen | Included in treatment cost |
| Processing of samples by andrologist | Included in treatment cost |
| Freezing of sperm and storage for up to 1 year | Included in treatment cost |

| | |
|---|----------------------------|
| 3 Sample Package Semen Freezing | £1,100 |
| Access to online consents platform | Included in treatment cost |
| Access to patient support app | Included in treatment cost |
| Electronic Witnessing | Included in treatment cost |
| Semen Analysis | Included in treatment cost |
| Viral screening including: Hepatitis B/SAg/Core Hepatitis C Abs HIV 1&2 P24 Antigen | Included in treatment cost |
| Processing of samples by andrologist | Included in treatment cost |
| Freezing of sperm and storage for up to 3 years | Included in treatment cost |

Additional Costs if applicable

| | |
|---|-------------------|
| Annual storage of sperm following initial storage period (After 1 year for single sample and after 3 years for three sample package) | £365 per year |
| Enhanced Screening (<i>recommended for semen use in surrogacy</i>): HTLV I & II HIV / HBB / HCV Nat Syphilis CMV Chlamydia Gonorrhoea | £400 |
| Additional Samples | £225 (per sample) |

Treatments

IVF/ICSI with Fresh Donor Eggs & Partner Sperm

| | |
|--|----------------------------|
| Single Cycle of IVF treatment using fresh donor eggs & partner sperm | £11,950 |
| Guarantee of 6 eggs | |
| Access to online consents platform | Included in treatment cost |
| Access to patient support app | Included in treatment cost |
| Electronic Witnessing | Included in treatment cost |
| Donor matching | Included in treatment cost |
| Cycle planning for your egg donor and for you | Included in treatment cost |
| Prep appointment for injection teaching for your Egg Donor | Included in treatment cost |
| Medication for your Egg Donor | Included in treatment cost |
| Monitoring blood tests and scans for your Egg Donor during treatment | Included in treatment cost |
| Monitoring scan for you | Included in treatment cost |
| Sedation for your Egg Donors egg collection | Included in treatment cost |
| Ultrasound guided egg collection for your Egg Donor | Included in treatment cost |
| Preparation of eggs for ICSI and injection of sperm | Included in treatment cost |
| Advanced Embryology: embryo culture up to blastocyst stage | Included in treatment cost |
| Embryoscope to monitor embryo development - fertilisation to transfer | Included in treatment cost |
| EmbryoGlue | Included in treatment cost |
| Embryo transfer/Embryo freeze ¹ | Included in treatment cost |
| Standard medication for your treatment until a 7 week pregnancy scan: Evorel patches, progesterone pessaries and Prontogest injections | Included in treatment cost |
| HFEA Licence Fee | Included in treatment cost |
| Embryo freezing and storage for 1 year | Included in treatment cost |
| Pregnancy scan | Included in treatment cost |
| Follow up consultation | Included in treatment cost |

¹ Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

Additional Costs in all ICSI Cycles

| | |
|---|---------------|
| Annual storage of embryo/s following first year | £365 per year |
|---|---------------|

Additional Costs if applicable

| | |
|---|------------|
| Semen Freeze (1 sample) | £390 |
| Additional samples (per sample) | £225 |
| Additional medication – week 7 to 12 of pregnancy | £95 – £230 |
| Private prescription fee | £55 |
| Frozen Embryo Transfer in a hormone regulated cycle | £1,995 |

IVF/ICSI with Fresh Donor Eggs & Known Sperm Donor

| | |
|--|----------------------------|
| Single Cycle of IVF treatment using fresh donor eggs & known donor sperm | £11,950 |
| Guarantee of 6 eggs | |
| Access to online consents platform | Included in treatment cost |
| Access to patient support app | Included in treatment cost |
| Electronic Witnessing | Included in treatment cost |
| Donor matching | Included in treatment cost |
| Cycle planning for your egg donor and for you | Included in treatment cost |
| Prep appointment for injection teaching for your Egg Donor | Included in treatment cost |
| Medication for your Egg Donor | Included in treatment cost |
| Monitoring blood tests and scans for your Egg Donor during treatment | Included in treatment cost |
| Monitoring scan for you | Included in treatment cost |
| Sedation for your Egg Donors egg collection | Included in treatment cost |
| Ultrasound guided egg collection for your Egg Donor | Included in treatment cost |
| Preparation of eggs for ICSI and injection of sperm | Included in treatment cost |
| Advanced Embryology: embryo culture up to blastocyst stage | Included in treatment cost |
| Embryoscope to monitor embryo development - fertilisation to transfer | Included in treatment cost |
| EmbryoGlue | Included in treatment cost |
| Embryo transfer/Embryo freeze ¹ | Included in treatment cost |
| Standard medication for your treatment until a 7 week pregnancy scan: Evorel patches, progesterone pessaries and Prontogest injections | Included in treatment cost |
| HFEA Licence Fee | Included in treatment cost |
| Embryo freezing and storage for 1 year | Included in treatment cost |
| Pregnancy scan or follow up consultation, depending on cycle outcome | Included in treatment cost |

¹ Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

Additional Costs for using a known Sperm Donor

| | |
|---|--|
| Semen analysis for known sperm donor | £175 |
| Initial consultation for known sperm donor | £260 |
| Implication counselling for known sperm donor | £85 |
| Screening tests for known sperm donor | |
| Initial screening | £830 |
| DL12 blood test | £166 |
| Re screen after 3 months | £215 |
| If your known sperm donor requests compensation | £35 per visit or repeated expenses per visit |
| Semen storage per year | £365 |

Additional Costs in all ICSI Cycles

| | |
|---|---------------|
| Annual storage of embryo/s following first year | £365 per year |
|---|---------------|

Additional Costs if applicable

| | |
|---|------------|
| Additional medication – week 7 to 12 of pregnancy | £95 – £230 |
| Private prescription fee | £55 |
| Frozen Embryo Transfer in a hormone regulated cycle | £1,995 |

IVF/ICSI with Fresh Donor Eggs & Donor Sperm

| | |
|--|----------------------------|
| Single Cycle of IVF treatment using fresh donor eggs & donor sperm - Guarantee of 6 eggs | £13,095 |
| Access to online consents platform | Included in treatment cost |
| Access to patient support app | Included in treatment cost |
| Electronic Witnessing | Included in treatment cost |
| Donor matching (both egg & sperm) | Included in treatment cost |
| Prep appointment for injection teaching for your Egg Donor | Included in treatment cost |
| Cycle planning for your egg donor and for you | Included in treatment cost |
| Medication for your Egg Donor | Included in treatment cost |
| Standard medication for your treatment until a 7 week pregnancy scan: Evorel patches, progesterone pessaries and Prontogest injections | Included in treatment cost |
| Monitoring blood tests and scans for your Egg Donor during treatment | Included in treatment cost |
| Monitoring scan for you | Included in treatment cost |
| Sedation for your Egg Donors egg collection | Included in treatment cost |
| Ultrasound guided egg collection for your Egg Donor | Included in treatment cost |
