Consultations

Consultation Appointment ¹	£250
Review consultation ²	£165
Follow up consultation ³	No charge
Male Reproductive Health Consultation ⁴	£275
Male Reproductive Health Review Consultation ⁵	£190
Counselling Session <i>Patients having treatment with Manchester Fertility are entitled to two counselling sessions per treatment cycle</i>	No charge
<i>Additional counselling sessions (per session)</i>	£85

¹ Includes a 1-hour consultation with Fertility Specialist Consultant

² Includes a 30-minute consultation with a Fertility Specialist Consultant

³ Includes a 30-minute consultation with a Fertility Specialist Consultant

⁴ Includes a 30-minute consultation with a Male Reproductive Health Specialist

⁵ Includes a 15-minute consultation with a Male Reproductive Health Specialist

Consultation Packages

Fertility Assessment Packages

Fertility Assessment (Heterosexual Couple)	£480
AMH blood test for female partner	Included in cost
Pelvic ultrasound scan/antral follicle count for female partner	Included in cost
Height, weight & BMI for female partner	Included in cost
Blood pressure for female partner	Included in cost
Semen analysis for male partner	Included in cost
45 minute consultation with a Consultant	Included in cost

Fertility Assessment (Female Same Sex Couple)	£650
AMH blood test for both partners	Included in cost
Pelvic ultrasound scan/antral follicle count for both partners	Included in cost
Height, weight & BMI for both partners	Included in cost
Blood pressure for both partners	Included in cost
45 minute consultation with a Consultant	Included in cost

Fertility Assessment (Female Only)	£350
AMH blood test	Included in cost
Pelvic ultrasound scan/antral follicle count	Included in cost
Height, weight & BMI	Included in cost
Blood pressure	Included in cost
45 minute consultation with a Consultant	Included in cost

Fertility Review (Male Only)	£666
Semen analysis	Included in cost
Testicular ultrasound scan	Included in cost
Hormone blood tests (FSH, LH and Testosterone)	Included in cost
Height, weight & BMI	Included in cost
Blood pressure	Included in cost
30 minute consultation with a Male Reproductive Health Consultant	Included in cost

Investigations

Blood Test Packages

<p>Viral Screening: <i>(Partner pre-treatment screening for IUI and IVF)</i></p> <p><i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i></p>	£221
<p>Female Pre-Treatment Screening for IVF or IUI:</p> <p><i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i> <i>Full Blood Count</i> <i>Rubella</i></p>	£337
<p>Female Pre-Treatment Screening for IVF or IUI with Donor Sperm:</p> <p><i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i> <i>Full Blood Count</i> <i>Rubella</i> <i>CMV</i></p>	£395
<p>Standard Pre-Treatment Screening for Reciprocal IVF:</p> <p><i>HIV/HBV/HCV Multiplex (STDx)</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Hepatitis B sAg</i> <i>Hepatitis B Core</i> <i>Hepatitis C Abs</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i> <i>Full Blood Count</i> <i>Rubella</i> <i>CMV</i></p>	£395 (per partner)

HVS	£49
Rubella	£58
Syphilis	£48
Varicella Zoster IgG	£80
Semen PCR Zika	£515
Zika Antibody	£85

Immunity

Antibeta 2	£138
Anti-Cardiolipin	£63
Antinuclear antibodies	£61
Atypical antibodies	£61
B2 Glycoprotein antibodies	£132
Lupus Anti-Coagulant	£68
Thyroid Abs	£85

Genetic

Ashkenazi Carrier Screening (includes Tay Sachs)	£695
BRCA 1 + BRCA 2	£1,135
Cystic Fibrosis	£182
Karyotype	£325
Sickle Cell	£46
Tay Sachs	£520
Thalassaemia	£125
Thrombophilia (Combined Lupus and Anti-cardiolipin) (LUPA)	£110
Y Chromosome	£300
PGT-A within a single cycle of IVF (up to 3 embryos) (up to 5 embryos)	£2,100 £2,890
PGT-A on frozen embryos (up to 3 embryos) (up to 5 embryos)	£3,310 £4,095
PGT-A for additional embryos (per biopsy)	£370

Miscellaneous

Full Blood Count	£58
Glucose	£49
Haemoglobin electrophoresis	£110
Inhibin B	£65
Kidney function blood test	£61
Liver function test	£57
Vitamin D	£75
Vitamin D, 25-Hydroxy	£160
Blood group	£66
Thyroid Function Test	£48

Sonography

Scans

Transvaginal ultrasound scan (3D)	£230
Clomid Scan	£145
Monitoring scan	£140
Saline Sonography	£305

Pregnancy Scanning

Reassurance Scans

7 – 10 Weeks pregnant	£100
Confirm that your pregnancy is intrauterine	Included in treatment cost
Check for single or multiple pregnancies	Included in treatment cost
Check your baby's heartbeat	Included in treatment cost
Measure your baby to check progress	Included in treatment cost
Scan report and printouts of your baby's scan	Included in treatment cost

This scan is performed trans-vaginally, with the patient's consent.

10 - 17 Weeks pregnant	£100
Confirm that your pregnancy is intrauterine	Included in treatment cost
Check for single or multiple pregnancies	Included in treatment cost
Check your baby's heartbeat	Included in treatment cost
Monitor your baby's growth and development	Included in treatment cost
If possible we can determine the sex of your baby	Included in treatment cost
Scan report and printouts of your baby's scan	Included in treatment cost

This scan is performed over the tummy with a full bladder.

Reassurance Scan Package

7 – 10 Weeks pregnant & 10 - 17 Weeks pregnant	£180
Confirm that your pregnancy is intrauterine	Included in treatment cost
Check for single or multiple pregnancies	Included in treatment cost
Check your baby's heartbeat	Included in treatment cost
Monitor your baby's growth and development	Included in treatment cost
If possible we can determine the sex of your baby	Included in treatment cost
Scan report and printouts of your baby's scan	Included in treatment cost

7-10 weeks - this scan is performed trans-vaginally, with the patient's consent.

10-17 weeks - his scan is performed over the tummy with a full bladder.

Non-Invasive Pre Natal Testing

IONA	£430
Blood test screening for the following: <i>Trisomy 13: Patau Syndrome</i> <i>Trisomy 18: Edwards' Syndrome</i> <i>Trisomy 21: Down Syndrome</i>	Included in treatment cost
Ultrasound scan	Included in treatment cost
Midwife review	Included in treatment cost

IONA+	£500
Blood test screening for the following: <i>Trisomy 13: Patau Syndrome</i> <i>Trisomy 18: Edwards' Syndrome</i> <i>Trisomy 21: Down Syndrome</i> <i>Sex Chromosome Aneuploidies (SCAs):</i> <i>XO (Turner Syndrome)</i> <i>XXY (Klinefelter Syndrome)</i> <i>XYY (XYY Syndrome)</i> <i>XXX (Trisomy X)</i>	Included in treatment cost
Ultrasound scan	Included in treatment cost
Midwife review	Included in treatment cost

IONA++	£565
Blood test screening for the following: <i>Trisomy 13: Patau Syndrome</i> <i>Trisomy 18: Edwards' Syndrome</i> <i>Trisomy 21: Down Syndrome</i> <i>Sex Chromosome Aneuploidies (SCAs):</i> <i>XO (Turner Syndrome)</i> <i>XXY (Klinefelter Syndrome)</i> <i>XYY (XYY Syndrome)</i> <i>XXX (Trisomy X)</i> <i>Autosomal Aneuploidies (AAs):</i> <i>The remaining chromosomes (23 pairs, excluding T21, T18 & T13)</i>	Included in treatment cost
Ultrasound scan	Included in treatment cost
Midwife review	Included in treatment cost

Results will be available 3-5 days from receipt of the sample in the laboratory

Procedures

Endometrial Tests

ERA	£1,325
EMMA	£1,195
ALICE	£970
EMMA & ALICE Combined	£1,485
Triple combined test (ERA/EMMA/ALICE)	£2,175
Endometrial Scratch	£280
Saline with Scratch	£515

Results will be available 3-5 days from receipt of the sample in the laboratory

HyCoSy

HyCoSy <i>A non-invasive transvaginal ultrasound technique which assesses the patency of your fallopian tubes</i>	£525
---	-------------

Hysteroscopy

Diagnostic Hysteroscopy	£1,795
Examination of the uterine cavity & cervical canal	Included in treatment cost
Endometrial biopsy	Included in treatment cost
Endometrial scratch	Included in treatment cost
Histology analysis of removed tissue	Included in treatment cost
Follow up consultation	Included in treatment cost

*An endometrial scratch will be carried out by your consultant during the procedure if appropriate.
Histology analysis of removed tissue – your report will be available 2-3 weeks following your procedure date.*

Operative Hysteroscopy	£2,300
Examination of the uterine cavity & cervical canal	Included in treatment cost
Endometrial biopsy	Included in treatment cost
Endometrial scratch	Included in treatment cost
Histology analysis of removed tissue	Included in treatment cost
Removal of polyps	Included in treatment cost
Follow up consultation	Included in treatment cost

*This procedure is carried out under sedation.
Histology analysis of removed tissue – your report will be available 2-3 weeks following your procedure date*

Andrology Services

Semen Analysis	£175
Copy of semen analysis report	Included in cost

Semen Analysis + telephone consultation to discuss findings	£225
Copy of report	Included in cost
Telephone consultation	Included in cost

Sperm Comet	£445
--------------------	-------------

Surgical Sperm Retrieval – PESA (Percutaneous epididymal sperm aspiration)	£2,250
Viral Screening: <i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i>	Included in cost
Electronic consenting	Included in cost
Anaesthetic fee	Included in cost
Procedure fee	Included in cost
Processing of samples by embryologist	Included in cost
Freezing of sperm and storage for 1 year	Included in cost

Surgical Sperm Retrieval – TESE (Testicular sperm extraction)	£2,600
Viral Screening: <i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i>	Included in cost
Electronic consenting	Included in cost
Anaesthetic fee	Included in cost
Procedure fee	Included in cost
Processing of samples by embryologist	Included in cost
Freezing of sperm and storage for 1 year	Included in cost

External Surgical Sperm Retrieval <i>Provision of sample transport and laboratory services where the surgical procedure has been performed at another clinic.</i>	£1,160
Viral Screening: <i>Hepatitis B/SAg/Core</i> <i>Hepatitis C Abs</i> <i>HIV 1&2</i> <i>P24 Antigen</i> <i>Syphilis IgG/IgM</i> <i>Chlamydia</i>	Included in cost
Electronic consenting	Included in cost
Transportation of sperm samples	Included in cost
Processing of samples by embryologist	Included in cost
Freezing of sperm and storage for 1 year	Included in cost

Additional Costs if applicable

Annual storage of sperm following initial storage	£365 per year
---	---------------

Treatments

IVF Treatment

IVF Treatment	£4,150
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Sperm preparation and insemination of eggs	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ¹	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation, dependant on cycle outcome	Included in treatment cost

Additional Costs in all IVF Cycles

Cost of medication (per cycle)	£985 - £2,600
<i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	
Annual storage of embryo/s following first year	£365 per year

Additional Costs if applicable

Semen Freeze (1 sample)	£390
Additional samples (per sample)	£225
Blood tests in preparation for commencing treatment	Patient: £337 / Partner: £221
ICSI on the day of egg collection if advised by the medical team	£1,250
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

¹ Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

IVF with ICSI Treatment

IVF with ICSI Treatment	£5,400
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Preparation of eggs for ICSI and injection of sperm	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ¹	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation, dependent on cycle outcome	Included in treatment cost

Additional Costs in all ICSI Cycles

Cost of medication (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£985 - £2,600
Annual storage of embryo/s following first year	£365 per year

Additional Costs if applicable

Semen Freeze (1 sample)	£390
Additional samples (per sample)	£225
Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

¹ Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

IVF/ICSI Treatment using Donor Sperm

IVF/ICSI Treatment using Donor Sperm	£6,595
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Donor Sperm	Included in treatment cost
Cycle planning	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Preparation of donor sperm for ICSI	Included in treatment cost
Insemination of eggs with donor sperm	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ₁	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation, dependent on cycle outcome	Included in treatment cost

Additional Costs in all IVF/ICSI using donor sperm Cycles

Cost of medication (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£985 - £2,600
Annual storage of embryo/s following first year	£365 per year

Additional Costs if applicable

Semen Freeze (1 sample)	£390
Additional samples (per sample)	£225
Blood tests in preparation for commencing treatment	Patient: £395 /Partner: £221
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

1 Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

IVF Treatment using a Known Sperm Donor

IVF Treatment	£4,150
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Sperm preparation and insemination of eggs	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ₁	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation, dependant on cycle outcome	Included in treatment cost

Additional Costs for using a known Sperm Donor

Semen analysis for known sperm donor	£175
Initial consultation for known sperm donor	£260
Implication counselling for known sperm donor	£85
Screening tests for known sperm donor	
Initial screening	£830
DL12 blood test	£166
Re screen after 3 months	£215
If your known sperm donor requests compensation	£35 per visit or repeated expenses per visit
Semen storage per year	£365

Additional Costs in all IVF Cycles

Cost of medication (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£985 - £2,600
Annual storage of embryo/s following first year	£365 per year

Additional Costs if applicable

Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
ICSI on the day of egg collection if advised by the medical team	£1,250
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

1 Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

IVF with ICSI Treatment using a Known Sperm Donor

IVF with ICSI Treatment	£5,400
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Preparation of eggs for ICSI and injection of sperm	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ₁	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation, dependent on cycle outcome	Included in treatment cost

Additional Costs for using a known Sperm Donor

Semen analysis for known sperm donor	£175
Initial consultation for known sperm donor	£260
Implication counselling for known sperm donor	£85
Screening tests for known sperm donor	
Initial screening	£830
DL12 blood test	£166
Re screen after 3 months	£215
If your known sperm donor requests compensation	£35 per visit or repeated expenses per visit
Semen storage per year	£365

Additional Costs in all ICSI Cycles

Cost of medication (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£985 - £2,600
Annual storage of embryo/s following first year	£365 per year

Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

1 Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge

Reciprocal IVF (IVF Partners Treatment / Shared Motherhood)

Reciprocal IVF Treatment	£7,605
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Donor Sperm	Included in treatment cost
Prep appointment for injection teaching	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle, for both partners	Included in treatment cost
Sedation for egg collection	Included in treatment cost
Ultrasound guided egg collection	Included in treatment cost
Preparation of eggs for ICSI and insemination of sperm	Included in treatment cost
EmbryoGlue	Included in treatment cost
Advanced Embryology: embryo culture up to blastocyst stage	Included in treatment cost
Embryoscope to monitor embryo development - fertilisation to transfer	Included in treatment cost
Embryo transfer/Embryo freeze ¹	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Embryo freezing and storage for 1 year	Included in treatment cost
Pregnancy scan or follow up consultation after a failed cycle	Included in treatment cost

Additional Costs in all IVF Partners Cycles

Blood tests in preparation for commencing treatment	Donating Patient: £395 Recipient Partner: £395
Cost of medication (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	Donating Patient: £985-£2,600 Recipient Partner: £255-£435
Annual storage of embryo/s following first year	£365 per year

Additional Costs if applicable

Enhance screening for donating partner	£46 - £1,800
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55
ICSI on the day of egg collection if advised by our medical team	£1,250
Frozen Embryo Transfer in a natural cycle	£1,990
Frozen Embryo Transfer in a hormone regulated cycle	£2,095

¹ Embryo freeze – if all of your embryos are frozen and a replacement does not take place in your treatment cycle, your first frozen embryo transfer will not incur a charge.

Frozen Embryo Transfer

Frozen Embryo Transfer In a natural cycle	£1,990
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
In treatment scan *	Included in treatment cost
Embryo Thaw	Included in treatment cost
Embryo culture	Included in treatment cost
Embryo transfer	Included in treatment cost
EmbryoGlue	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Pregnancy scan	Included in treatment cost
Follow up consultation after a failed cycle	Included in treatment cost

*1 x in treatment scan is included in your natural frozen cycle Frozen Embryo Transfer. We will check your endometrium and look to see if a follicle is developing.

Additional Costs if applicable

Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
Monitoring blood tests during your cycle (if requested by your consultant)	Progesterone: £58 (per test) E2: £49 (per test)
In treatment scan (if requested by your consultant)	£100 (per scan)
Additional medication – week 7 to 12 of pregnancy <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£95-£230
Private prescription fee	£55

Frozen Embryo Transfer in a hormone regulated cycle

Frozen Embryo Transfer In a hormone regulated cycle	£2,095
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Cycle planning	Included in treatment cost
Monitoring bloods tests during your cycle	Included in treatment cost
Monitoring scans during your cycle	Included in treatment cost
Embryo Thaw	Included in treatment cost
Embryo culture	Included in treatment cost
Embryo transfer	Included in treatment cost
EmbryoGlue	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Pregnancy scan	Included in treatment cost
Follow up consultation after a failed cycle	Included in treatment cost

Additional Costs in all Frozen Embryo Transfer Cycles

Medication with hormone regulation including delivery (per cycle) <i>Treatment is highly individualised, and the medication prescribed can vary based on a person's specific fertility issues, medical history, and response to previous treatments.</i>	£225 - £435
---	-------------

Additional Costs if applicable

Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
Additional medication – week 7 to 12 of pregnancy	£95-£230
Private prescription fee	£55

** Medication supplied in our hormone regulated price will provide the required levels of medication needed for your treatment cycle up to 7 weeks of pregnancy.*

Intrauterine Insemination

IUI using Partner Sperm

Single Cycle IUI Treatment using Partner Sperm	£1,650
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Sperm preparation	Included in treatment cost
IUI procedure in our theatre	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Pregnancy scan	Included in treatment cost
Follow up consultation following third IUI	Included in treatment cost

Multi Cycle Package IUI Treatment using Partner Sperm	£2,640
Access to online consents platform	Included in treatment cost
Access to patient support app	Included in treatment cost
Electronic Witnessing	Included in treatment cost
Sperm preparation	Included in treatment cost
IUI procedure in our theatre	Included in treatment cost
HFEA Licence Fee	Included in treatment cost
Pregnancy scan	Included in treatment cost
Follow up consultation following third IUI	Included in treatment cost

Additional Costs if applicable

Semen Freeze (1 sample)	£390
Additional samples (per sample)	£225
Blood tests in preparation for commencing treatment	Patient: £337 Partner: £221
Monitoring blood tests during your cycle (if requested by your consultant)	LH: £49 (per test)
Monitoring scan	£140 (per scan)

The package is considered to be fulfilled when a live birth is achieved AND/OR all three cycles have been performed. All three cycles are to be completed within one year of purchase. Once insemination has been performed, this will be counted as one cycle.

No refund or credit will be given for any unused part of the treatment package.
