Whilst we cannot guarantee a donor's availability, we will try to ensure that the same donor is available for all three treatment cycles.

The package is considered to be fulfilled when a live birth is achieved AND/OR all three cycles have been performed.

Once insemination has been performed, this will be counted as one cycle.

All three cycles are to be completed within one year of purchase

This package may be transferred between partners, however the outcome of each cycle must be known before commencing a further treatment cycle.
